Student Life

Students will live and study in St. Stephen's House, one of the former six Permanent Private Halls at the University of Oxford. Housed in a former monastery in a residential area, students will get the true feel of what it's like to live and learn in a traditional Academic Community, with the sites of Oxford at their fingertips.

Lodging and Meals

St. Stephen's House is set up like a quintessential English college. Each dorm room is unique in its own way; although there are doubles, most rooms are single. All rooms have a sink and some rooms have an en-suite bath, but the majority have access to hallway toilets and showers. Our residential staff will be living amongst students. Breakfast and lunch will be in the dining hall, with most dinners off-site. Dinner on the last night of the program will be a traditional Formal Meal! All dietary restrictions can be accommodated.

Requirements

- For students entering grades 9-12
- A grade point average of 3.0 (or equivalent)

Summer Springboard programs are not run by our campus partners (with the exception of Cal Poly, University of Washington Foster School of Business, and NYSID which are run in partnership with SSB). Universities and their affiliated departments and partners do not control and are not responsible or liable in any manner for any part of the Summer Springboard program.
