

**SUMMER  
SPRINGBOARD**  
Look Inward. Go Upward.

# PROGRAM ON THE CAMPUS OF MASSACHUSETTS INSTITUTE OF TECHNOLOGY (MIT) INFOSHEET

**New student admissions for  
Summer 2026 are open**

## 2-Week Campus

Pick a 2-week pre-college course of your choice;  
or pick two courses for a 4-week experience.

## About

As one of America's oldest cities, Cambridge is home to some of the world's most prestigious universities. Our program takes place on the campus of the Massachusetts Institute of Technology (MIT), and we also draw on the expertise and facilities of other top institutions in the surrounding area to provide an exceptional learning experience. With its rich history and vibrant culture, Cambridge and the greater Boston area offer an ideal setting for Summer Springboard students to fully immerse themselves in college life.

## Session Dates:

- Session 1: June 21 - July 3
- Session 2: July 5 - July 17
- Session 3: July 19 - July 31

\* To maximize the hands-on experience of this academic course (9am – noon), it will be held off the campus of MIT, in the Kendall Square, Cambridge, MA area. Located next to the campus of MIT, Kendall Square is widely recognized as one of the world's leading hubs for technology, research and innovation.

Summer Springboard programs are not run by our campus partners (with the exception of Cal Poly, University of Washington Foster School of Business, and NYSID which are run in partnership with SSB). Universities and their affiliated departments and partners do not control and are not responsible or liable in any manner for any part of the Summer Springboard program.

## Student Life

Students will live on the campus of MIT in the heart of Cambridge. With so many highly ranked educational institutions surrounded by rich history, art, and culture, students will have an endless list of things to do during their time on campus.

## Lodging and Meals

Students will reside in one of the MIT Campus dormitories, in traditional-style accommodations. Each room includes an extra-long twin bed, a desk, drawers, a mirror, and a closet. Mentors live on the halls are available to assist with any needs. Residential students will eat breakfast and dinner in one of the school's dining halls. For lunch, all students will dine off campus and explore nearby eateries.

## College Readiness Workshops

All students participate in a rotation of workshops designed to engage youth with various skills for a successful transition to college. The workshop sessions will go over Developing Leadership, Mastering Money, Prepping for College & Career, & Speaking with Confidence. Led by experienced instructors, these workshops provide a solid foundation to help students navigate their future academic endeavors.

## Requirements

- For students entering grades 9-12
- Residential students must be at least 14 years old at the start of the session
- A grade point average of 3.0 (or equivalent)
- Biotechnology: students must be at least 16 years old at the start of the session
