

**SUMMER
SPRINGBOARD**
Look Inward. Go Upward.

PRE-MEDICINE INFOSHEET

New student admissions for
Summer 2026 are open

2-Week Course

This is a two-week program where you'll focus on one course for the entire duration.

Program Highlights

- Learn about a variety of fields of medicine to begin identifying an area of interest in medical school
- Learn about the process of applying to medical school and how to plan your future medical pathway beyond admissions
- Meet medical professionals, students, and residents to "rotate" through different medical disciplines, learn about research and areas of study, and gain hands-on experience in the field
- Explore an emerging medical issue or field and conduct research on the topic to begin finding possible solutions with the help of current medical students

2026 Dates

Berkeley (\$5,998)

- Session 2: June 21 - July 3
- Session 4: July 5 - July 17
- Session 6: July 19 - July 31

MIT Campus (\$6,798)

- Session 1: June 21 - July 3
- Session 2: July 5 - July 17
- Session 3: July 19 - July 31

UCSD (\$5,998)

- Session 1: June 28 - July 10
- Session 2: July 12 - July 24
- Session 3: July 26 - August 7

Academic Program Overview

Are you considering a future in medicine but unsure about your specific path? Dive into an engaging program designed to help you explore diverse career options in healthcare. Throughout this course, you'll gain firsthand exposure to specialties including cardiology, radiology, orthopedics, and more. You'll also learn about the intricacies of medical school admissions, entrance exam preparation, residency planning, and the vital role of scientific inquiry and curiosity in becoming a physician. Interact with experienced doctors, current medical students, and residents while immersing yourself in this multifaceted field.

Berkeley Excursions

Students have had hands on experiences at UCSF KANBAR Simulation Center and UCSF Surgical Simulation & Skills Center. Students have also had the opportunity to tour Berkeley's Henry H. Wheeler Jr. Brain Imaging Center which houses one of the most powerful human research functional Magnetic Resonance Imagine (fMRI) systems in the US. All students in this program will complete the requirements to receive their CPR & AED certification.

MIT Campus Excursions

Students have had hands on experiences at STRATUS Center for Medical Simulation. They have also toured medical schools in the Boston area and had experiences with Cambridge Pro EMS. All students in this program will complete the requirements to receive their CPR certification.

UCSD Excursions

Students will visit the UCSD Simulation Center, where they will be able to practice various of the necessary skills to receive their CPR and First Aid training. Other excursions in the past have included a visit with EMTs and a visit to an emergency air evacuation facility.

Instructors

Berkeley - UCSF Resident Physicians

Course and Curriculum are designed by Dr. Andrew Eyre and Dr. Sean Kivlehan. Dr. Allison Teng is the coordinator and instructors will be a rotation of physician specialists from UCSF.

MIT Campus - Brigham and Women's Physicians

Course and Curriculum are designed by Andrew Eyre and Sean Kivlehan. Dr. Eyre serves as the Medical Director for the STRATUS Center for Medical Simulation at Brigham and Women's Hospital in Boston. Sean Kivlehan, MD, MPH, is an emergency physician at Brigham and Women's Hospital.

UCSD - Dr. Alan Moazzam (Session 1)

Alan Moazzam MD MBA FACP is a board-certified internal medicine physician who specializes in caring for hospitalized patients. He currently serves as a Health Sciences Assistant Clinical Professor with the Division of Hospital Medicine at UCSD and he is Chair of the Physician Steering Committee for the Institute of Healthcare Engineering at Jacobs School of Engineering.

UCSD - Dr. Faith Quenzer (Sessions 2 & 3)

Dr. Faith C. Quenzer is a board-certified Emergency Medicine Physician. Dr. Quenzer works as a Community EM clinician in Chula Vista and Otay Mesa. She also volunteers to help organize and teach bystander CPR and AED use through UCSD's Revive and Survive Campaign and Compress and Shock Foundation.

Tuition Information:

Residential Students:

- **Includes:** all meals, lodging, excursions, academic course, weekend excursions
- **Excludes:** optional airport pickup and drop off service (available for an additional fee)
- **Price:** See prices under 2026 dates
