

SUMMER SPRINGBOARD
Look Inward. Go Upward.

NYU Middle School Program Infosheet

This is a commuter and residential program.

New student admissions for Summer 2027 are open!

Middle School Campus

This is a one-week program where you'll focus on one course for the entire duration.

About

Our one-week middle school programs at NYU let students dive into exciting subjects like Business, Medicine, Trial Law and more. These programs are designed to offer students an engaging summer experience through academic courses, interactive labs, recreational activities and campus immersion.

This holistic approach ensures students learn, connect with others and have fun, for a summer both meaningful and full of self-discovery.

Session Dates:

- Session 1: June 27 - July 02
- Session 2: July 04 - July 09
- Session 3: July 11 - July 16
- Session 4: July 18 - July 23

Academic Courses:

- Architecture
- Business & Entrepreneurship
- Finance & Investing
- Fundamentals of Engineering
- International Relations
- Medicine
- Neuroscience
- Trial Law

Summer Springboard programs are not run by our campus partners (with the exception of Cal Poly, University of Washington Foster School of Business, and NYSID which are run in partnership with SSB). Universities and their affiliated departments and partners do not control and are not responsible or liable in any manner for any part of the Summer Springboard program.

Student Life

Students will enjoy an authentic glimpse into college life right in the heart of New York City. Mornings are spent in engaging classes at the Kimmel Center, while afternoons bring hands-on learning through academic excursions and skill labs that connect classroom concepts to the real world. Surrounded by motivated peers, students develop friendships, grow in confidence and experience the energy of a major university campus, all while exploring how their interests can inspire future goals.

Meals

Lunch is provided on campus, just steps away from classrooms in the Kimmel Center. A variety of meal options are available to accommodate special dietary needs including vegetarian, vegan, gluten-free and other food allergies.

Academics in Action

In the afternoons, middle school students will participate in academic labs that give them time to work on their course projects and other hands-on activities that deepen their exploration and learning.

Requirements

- Middle School Program: Students must be between the ages of 11-13 and have finished 6th grade
- A grade point average of 3.0 (or equivalent)
