Summer Springboard programs are not run by our campus partners (with the exception of Cal Poly and NYSID which are run in partnership with SSB). Universities and their affiliated departments and partners do not control and are not responsible or liable in any manner for any part of the Summer Springboard program.

2025\_V6

## Student Life

Whether on East or West Campus, students will feel a sense of community and belonging as if they were Duke undergraduates. Duke's campus is known for its beautiful communal green spaces and natural surroundings, most notably Sarah P. Duke Gardens, which includes over 50 acres of specialized gardens in the heart of campus. While students will enjoy the on-campus amenities, they will also have the opportunity to explore Ninth Street and the surrounding in-boundary areas. The Ninth Street district is a popular neighborhood near campus where students enjoy dining out, shopping, trying new cuisines, and experiencing the undergraduate life with their new friends.

## Lodging and Meals

At Duke, students can expect to be housed in a traditional-style dorm room, shared with one roommate. Floors have gendered communal bathrooms, which include multiple toilets and showers located at both ends of the hall. Dorm rooms feature an extra-long twin-sized bed, a desk and chair, and a standalone wardrobe closet. All residence halls have surrounding courtyards, are air-conditioned, and include common rooms and lounges, making them a comfortable place to hang out. Students will have their three daily meals at one of Duke's amazing student dining halls, which offer a wide variety of cuisines.

## College Readiness Workshops

All students participate in a rotation of workshops designed to engage youth with various skills for a successful transition to college. The workshop sessions cover Public Speaking, Financial Literacy, Leadership, and College Admissions. Led by experienced instructors, these workshops provide a solid foundation to help students navigate their future academic endeavors.

## Requirements

- For students entering grades 9-12
- A grade point average of 3.0 (or equivalent)
