

**SUMMER  
SPRINGBOARD**  
Look Inward. Go Upward.

# Middle School Medicine Infosheet

New student admissions for  
Summer 2023 are open.

## Program Highlights

- Discover critical techniques in emergency medicine such as setting a splint and performing CPR.
- Work in teams as you research, diagnose, and develop a treatment plan for a "patient".
- Explore human anatomy on an Anatomage Table, the world's first virtual dissection table.
- Learn alongside medical professionals and gain behind-the-scenes knowledge of the emergency room.

## 2023 Dates

[UC Berkeley](#)

- Session 1: July 02 - July 07
- Session 2: July 09 - July 14

## Academic Program Overview

This program provides middle school students interested in pursuing medicine with real hands-on experience where they can build a set of medical skills and knowledge at an early age.

Imagine being able to set a splint, stop a bleed, and perform CPR as a middle school student! Students will learn medical techniques through age-appropriate simulations and guided lessons. In addition, they'll work with small groups to research a patient's history and symptoms, create a diagnosis based on findings, and develop a treatment plan.

## Excursions

Students will have the opportunity to engage with highly accomplished specialists in this field. Guest speakers will share their wealth of knowledge and encourage innovative thinking in this area of learning. Hands-on learning is experienced through visits to medical facilities/hospitals where students can view the process of patient care in action. Outside of course specific studies the students will explore all the Bay Area has to offer! With so much rich history, breathtaking sights, parks and famed landmarks at our fingertips there is something for everyone to discover!

# Instructors

## TBA

Courses are taught by accomplished and passionate faculty recruited from many area colleges, universities and professional forums. Each faculty member is selected for their subject area expertise and proven ability to both challenge and captivate students.

## Tuition Information:

### Residential Students:

- Includes: all meals, lodging, excursions, academic course, weekend excursions
- Excludes: optional airport pickup and drop off service (available for an additional fee)
- Price: \$2,998

### Commuter Students:

- Includes: lunch, academic course, excursions, programming from 9am to 5pm, Monday-Friday
- Excludes: lodging, breakfast, dinner, weekend excursions
- Price: \$2,098

## Supplements:

- Application fee: \$99 (mandatory, non-refundable)
- Emergency Medicine & Pre-Med course supplement: \$250 tuition (mandatory)

Summer Springboard programs are not run by our campus partners (with the exception of Cal Poly which is run in partnership with SSB). Universities and their affiliated departments and partners do not control and are not responsible or liable in any manner for any part of the Summer Springboard program.

## Course Structure

There are five 3-hour class sessions over the one-week course. During the week, students have class from 9am-12pm, Monday - Friday (program check-out is on Friday at 5 PM PDT). Wednesday afternoon will be dedicated to additional academic time with possible excursions and/or guest speakers.

The Middle School programs operate separately from Summer Springboard high school programs with separate staff, accommodations, classes, and a more structured environment. For students completing grades 6-8.
