

**SUMMER  
SPRINGBOARD**  
Look Inward. Go Upward.

# Nursing Infosheet

New student admissions for  
Summer 2023 are open.

## Program Highlights

- Discover the fundamental concepts of nursing, such as anatomy, communication, physiology, and public health promotion.
- Develop an understanding of patient health history and the application of a treatment plan.
- Focus on critical thinking and learn to translate theory into practice.
- Expand your decision-making and leadership skills.
- Gain hands-on experience through nursing simulations.

## 2023 Dates

Duke University:

- Jul 02 - Jul 14, 2023
- Jul 16 - Jul 28, 2023

## Academic Program Overview

Nursing is the largest, the most diverse, and one of the most respected of all healthcare professions. Nursing employment is expected to increase by 9% by 2030, post-pandemic, progressively more students have been considering this career path. Nurses are responsible for providing primary health care and specialty services to individuals, families, and communities. Discover the diverse career opportunities and what a day in the life of a nurse looks like. During the program, students will learn the fundamental concepts of the nursing profession and gain an comprehensive perspective on how patient care is administered.

## Excursions

- Students will welcome guest speakers with first-hand knowledge, discuss patient care, and benefit from hands-on experience and simulations.

# Instructors

## TBA

Courses are taught by accomplished and passionate faculty recruited from many area colleges, universities and professional forums. Each faculty member is selected for their subject area expertise and proven ability to both challenge and captivate students.
