

**SUMMER  
SPRINGBOARD**  
Look Inward. Go Upward.

# Pharmaceutical Sciences Infosheet

**New student admissions for  
Summer 2025 are open**

## Program Highlights

- Develop an understanding of fundamental pharmaceutical principles and drug development processes
- Explore the diverse applications of pharmaceutical sciences in areas such as clinical research, biotechnology, and regulatory affairs
- Enhance understanding of pharmaceutical sciences by becoming familiar with key vocabulary and terminology
- Gain insight into how data drives decision-making and advances research
- Discover a variety of career options within the field and learn about the impact on public health and wellness

## 2025 Dates

### WASHINGTON

- Session 1: July 27 - August 8

## Academic Program Overview

Have you ever wondered how the medications we take are developed and what processes ensure their safety and effectiveness? Our Pharmaceutical Sciences course offers you the opportunity to explore one of the most dynamic and impactful fields in healthcare. Over the session, students will dive into the fascinating world of pharmaceutical sciences, gaining a strong foundation in key concepts, participating in hands-on projects, and discovering the limitless potential of this vital discipline.

## Excursions

Excursion info will be later announced.

## Instructors

### TBD

Courses are taught by accomplished and passionate faculty recruited from many area colleges, universities and professional forums. Each faculty member is selected for their subject area expertise and proven ability to both challenge and captivate students.
