

**SUMMER**  
SPRINGBOARD

# UX & UI DESIGN

## COURSE INFO SHEET HYBRID PROGRAM

### PROGRAM HIGHLIGHTS

- **Design fundamentals:** The psychology of colors, lines, shapes, textures, fonts. Learn to leverage the power of space, rhythm, composition, structure.
- **Human-computer interaction:** The basics of the psychology of interface design and how humans feel about computers in different contexts.  
**User Research:** Learn to form hypotheses, then go out to real people to collect data and test your assumptions.
- **Rapid Prototyping:** Prototyping, sketching, and wireframing - essential techniques for experimentation and brainstorming.
- **Visual Identity:** Build a visual identity from scratch, taking into account the story, personality, and core values.
- **Mock Websites & Apps:** Learn to design across screen sizes and interaction paradigms.

### CAMPUS LOCATION & DATES

**UC Berkeley**  
July 4- July 14, 2022

### ACADEMIC PROGRAM OVERVIEW

This innovative college-level course in partnership with iXperience is perfectly designed to help high schoolers gain real world knowledge and experience before committing to a UX/UI Design path in college. You will get the opportunity to apply your newly gained skills to a hands-on project for a positive cause. While specific briefs vary from course to course, all of the projects are selected to perfectly complement the skills covered in class and enable students to make a real-world impact.

- Courses take place from 9am - 12pm Pacific Time
- 2-4 hours of homework every weekday.
- Week 1: Focus on picking up new industry-relevant skills at a rapid pace.
- Week 2: Collaborate on a social impact project that you can add to your resume and discuss in job interviews.
- Certificate of boot camp completion.

## HYBRID PROGRAM OVERVIEW

Students in our Hybrid program receive a truly unique, immersive experience coupling our in-person and online programs. Students will stay at our quintessential dormitories at UC Berkeley, while taking classes online from top notch staff recruited from across the globe. We will have spaces set up for students to go and attend their online class and join their classmates from around the world.

## GUEST SPEAKERS AND EXCURSIONS

Students may get the opportunity to visit technology companies such as Thinkable and Google Geo Education. In the past, thinkable staff members described their scholastic and career journeys and the different responsibilities that they have with the team. Students also got a behind the scenes tour of Google, where they heard an insightful talk from the Google Earth Education Team.

## STUDENT LIFE

While living like a Berkeley undergrad, enjoy hanging out in the common areas, both indoors and out. This is California, after all!

Also, don't forget to grab some of the best local coffee or boba tea in the neighborhood while you're here. Telegraph Avenue is a great spot to meet with friends for a quick outing.

## ACTIVITIES & EXCURSIONS

Explore San Francisco and Silicon Valley, quite possibly the most innovative region of the world.

Experience Fisherman's Wharf, Union Square and Giants Stadium as part of your group adventures in the city. And take part in educational excursions to organizations working in your academic field of interest.

## LODGING & MEALS

Students share a dorm room (without A/C) and use a common bathroom at UC Berkeley - just like freshmen on campus often would! Lodging will be in the Residence Halls Complex and you can expect similar accommodations during your time on-campus. Meals will be at Crossroads Dining Hall or at local eateries in Berkeley which can accommodate all diets.

## ENRICHMENT ELECTIVES

- College Prep
- Community Service
- Photography
- Public Speaking
- Persuasive Writing
- Outdoor Athletic Training
